The suburb of Porec offers this beautiful and comfortable house with a modern design.

The residential part of 220 m² extends over two floors, ground floor and first floor. The ground floor contains a covered entrance, entrance hall, storage room, open space living room / kitchen and dining room, wardrobe, guest toilet, utility room and summer kitchen.

On the first floor there is a hallway, 4 bedrooms, 4 bathrooms, a balcony and a terrace.

The house is completed by a beautifully landscaped garden of 720 m² with a heated swimming pool 4x9 m (cooler or ceramics, electrolysis), irrigated green area and plants, automated garden gate and 2-3 parking spaces.

Other equipment; carpentry PVC + aluminum, modern large-format ceramics, alarm and preparation for video surveillance...

It is an attractive location in the city of Porec, 3 km from the center, 2 km from the first beach and a handful of amenities, but we emphasize the quiet and tidy microlocation of the subject property. Ideal both for living and for renting a holiday villa.
